

Title of Document:

Institutional Capacity Assessment Tool

Date(s):

2017

Department:

Institutional Effectiveness

Description:

In 2017, RLNC administered the ICAT. This document provides the distribution and summary.

INSTITUTIONAL CAPACITY ASSESSMENT TOOL

RESPONSE DISTRIBUTION

The Institutional Capacity Assessment Tool helps colleges to assess their capacity and identify strengths and areas for improvement. Completion of the self-assessment allows Board members, administrators, faculty and staff to evaluate their institution's level of capacity in relation to what improved capacity could look like. Institutions that complete the assessment tool benefit from: insight on the key capacities for success; engagement of stakeholders from all areas of the college in using a common language to share opinions and discuss perception gaps; prioritization of areas to improve; and the development of strategies to build strength.

This report summarizes the response distribution for each question in the assessment tool. It is a complimentary report to the Institutional Capacity Assessment *Results Summary*.

Red Lake Nation College

Fall 2017

LEVELS KEY
LEVEL 1 Minimal level of capacity in place with a clear need to build strength.
LEVEL 2 Moderate level of capacity established.
LEVEL 3 Strong level of capacity in place.
LEVEL 4 Exemplary level of capacity in place.

RESULTS SUMMARY (N=40)

LEADERSHIP & VISION	DATA & TECHNOLOGY	EQUITY	TEACHING & LEARNING	ENGAGEMENT & COMMUNICATION	STRATEGY & PLANNING	POLICIES & PRACTICES

Response Distribution by Question

Total Number of Respondents: 34

	Level 1 (N)	Level 2 (N)	Level 3 (N)	Level 4 (N)	Don't Know (N)
1. Does the college have a clear and compelling vision for student success?	0	1	6	25	2
2. Is the student success vision used to set priorities and direct action?	0	1	7	23	3
3. Does the Board of Trustees provide leadership for student success?	0	1	8	17	8
4. Does the president actively support efforts to improve student success?	1	0	2	30	1
5. Does student success drive personnel decisions such as hiring and performance evaluations?	1	1	3	24	5
6. Do college leaders seek transformational change to improve the student experience?	0	1	4	24	5
7. Do college leaders encourage open dialog and risk-taking?	0	1	8	20	5
8. Do faculty initiate and lead efforts to improve student success?	0	5	8	19	2
9. Does a culture of shared leadership for student success exist across all levels of the college?	0	1	6	26	1
10. Does the Board of Trustees use data to promote the college's vision for student success?	0	1	2	15	16
11. Do college leaders share and use data to inform decision-making?	0	0	6	26	2
12. Is there a climate of accountability and expectation for the use of data for decision-making?	0	0	6	24	4

LEADERSHIP & VISION

The commitment and collaboration of the institution's leadership with respect to student success and the clarity of the vision for desired change.

Number of Respondents Who Answered "I don't know" by Question and by Role

	Adminis- trator (N)	Full-time Faculty (N)	Part-time Faculty (N)	Staff Member (N)	Other (N)	Total (N)
1. Does the college have a clear and compelling vision for student success?	-	1	-	1	-	2
2. Is the student success vision used to set priorities and direct action?	-	1	1	1	-	3
3. Does the Board of Trustees provide leadership for student success?	-	2	2	4	-	8
4. Does the president actively support efforts to improve student success?	-	-	1	-	-	1
5. Does student success drive personnel decisions such as hiring and performance evaluations?	-	1	-	3	1	5
6. Do college leaders seek transformational change to improve the student experience?	-	-	1	2	2	5
7. Do college leaders encourage open dialog and risk-taking?	-	-	1	4	-	5
8. Do faculty initiate and lead efforts to improve student success?	-	-	1	1	-	2

ABOUT THE INSTITUTIONAL CAPACITY ASSESSMENT TOOL

The Institutional Capacity Assessment Tool is an online self-assessment to help colleges assess their strengths and areas for improvement in the seven key dimensions encompassed in the Institutional Capacity Framework. The assessment asks a broad range of college stakeholders to assess their institution's capacity across four levels, from a low of Level 1 (minimal) to a high of Level 4 (exemplary). The companion *Results Summary* report summarizes the assessment results for the institution by aggregating respondent ratings by capacity area and by respondent roles and functional areas. This *Response Distribution* report provides a response distribution for each of the 77 questions in the Institutional Capacity Assessment Tool.

What Information Is Presented in the *Response Distribution* Report?

The *Response Distribution* report starts with a summary page of the college's assessment results of all seven capacity areas. Following the summary page, three pages of response distribution information are presented for each capacity area:

- The response distribution across Level 1 to Level 4, in addition to "I don't know", for each question;
- The number of respondents who answered "I don't know" by role for each question;
- The number of respondents who answered "I don't know" by respondent functional area for each question.

The Response Distribution report provides more detail to the college at the question level. It helps colleges to understand the dispersion pattern of respondent opinions as well as the familiarity of respondents from particular roles or functional areas with a specific capacity area.

How Are the Average Ratings on the Summary Page Calculated?

For each question in the assessment, there are four answer choices representing four levels of capacity. Additionally, there is an "I don't know" option if the respondent is unfamiliar with the topic or has no basis to judge. After a respondent makes their selection, the following points are assigned:

- Level 1: One point
- Level 2: Two points
- Level 3: Three points
- Level 4: Four points
- "I don't know": Not calculated

The points are summed for all respondents who completed the assessment of a given capacity area. The average rating is calculated by dividing the sum of points by the total number of questions answered. The "I don't know" responses are not weighted in this calculation.

How Do I Interpret the Ratings?

Collectively, the *Results Summary* and *Response Distribution* reports highlight the average and distribution of responses by capacity area, subcategory and by question. The reports reflect an institution's perspective of their current level of capacity and serve as a springboard for large group dialogue on identified strengths to celebrate and build upon, areas where there are opportunities to improve, areas to build alignment where there is divergence of opinion, and areas to target for improved communication where there are large numbers of "I don't know" responses.

Please note that the Institutional Capacity Assessment Tool is not a scientific tool based on rigorous psychometrics principles and should not be used as one. The ratings are meant to provide a general indicator of institutional capacity at a given time and to provide actionable insights.

Additional Questions

For additional questions, please email Achieving the Dream at ICAT@achievingthedream.org.

INSTITUTIONAL CAPACITY ASSESSMENT TOOL

RESULTS SUMMARY

The Achieving the Dream Institutional Capacity Assessment Tool is an online self-assessment to help colleges assess areas of strength and improvement in the Institutional Capacity Framework. Institutions may also use the tool to measure changes in capacity over time. The purpose of this *Results Summary* is to display the aggregated responses from all college participants and disaggregated results by functional area and role to identify areas where there is a convergence of opinion or divergence of opinion. The results may be used for individual reflection and as a springboard for campus conversations on overarching themes, strengths to celebrate and build on, opportunities to improve and actions to build capacity.

Red Lake Nation College
Fall 2017

LEVELS KEY
LEVEL 1 Minimal level of capacity in place with a clear need to build strength.
LEVEL 2 Moderate level of capacity established.
LEVEL 3 Strong level of capacity in place.
LEVEL 4 Exemplary level of capacity in place.

RESULTS SUMMARY (N=40)

LEADERSHIP & VISION	DATA & TECHNOLOGY	EQUITY	TEACHING & LEARNING	ENGAGEMENT & COMMUNICATION	STRATEGY & PLANNING	POLICIES & PRACTICES

AVERAGE RATING 3.7	AVERAGE RATING 3.5	AVERAGE RATING 3.5	AVERAGE RATING 3.6	AVERAGE RATING 3.6	AVERAGE RATING 3.7	AVERAGE RATING 3.7

LEADERSHIP & VISION

The commitment and collaboration of the institution's leadership with respect to student success and the clarity of the vision for desired change.

RESULTS BY CATEGORY (N=34)

Vision

1. Does the college have a clear and compelling vision for student success?
2. Is the student success vision used to set priorities and direct action?

Leadership

3. Does the Board of Trustees provide leadership for student success?
4. Does the president actively support efforts to improve student success?
5. Does student success drive personnel decisions such as hiring and performance evaluations?
6. Do college leaders seek transformational change to improve the student experience?
7. Do college leaders encourage open dialog and risk-taking?
8. Do faculty initiate and lead efforts to improve student success?
9. Does a culture of shared leadership for student success exist across all levels of the college?

Culture of Evidence

10. Does the Board of Trustees use data to promote the college's vision for student success?
11. Do college leaders share and use data to inform decision-making?
12. Is there a climate of accountability and expectation of the use of data for decision-making?

DATA & TECHNOLOGY

The institution's capacity to collect, access, analyze and use data to inform decisions, and to use powerful technology to support student success.

RESULTS BY CATEGORY (N=39)

LEVEL 1 2 3 4

Data

1. Does relevant data exist to inform decision-making?
2. Does reliable data exist to inform decisions?
3. Are data readily accessible to those who need it?
4. Are measures of student success defined, documented and used?
5. Are data collected at various points along the student experience continuum?
6. Are student success data translated into meaningful information?
7. Do data analyses yield insights about the past and future?

Technology

8. Have student success technologies been adopted to improve student outcomes?

Culture of Evidence

9. Do the Information Technology (IT) and Institutional Research (IR) staff collaborate to optimize processes for data use?
10. Does the college use benchmarking to identify strategies for improvement and innovation?
11. Does the college use data to examine and improve student outcomes?
12. Does the college evaluate student success initiatives to inform decision-making?

EQUITY

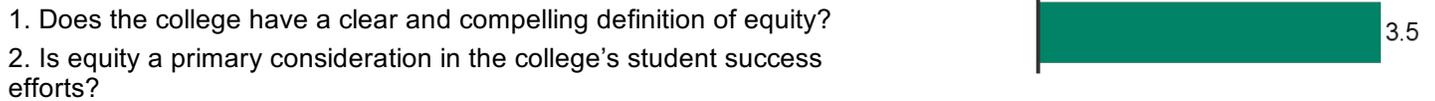

The commitment, capabilities, and experiences of an institution to fairly serve low income students, students of color and other at-risk student populations with respect to access, success, and campus climate.

Professional Development

Culture of Evidence

ENGAGEMENT & COMMUNICATION

The creation of strategic partnerships with key external stakeholders, such as K-12, universities, employers and community based organizations, and internal stakeholders across the institution to participate in the student success agenda and improvement of student outcomes.

RESULTS BY CATEGORY (N=37)

LEVEL 1 2 3 4

Internal Engagement and Communication

1. Does the college engage multiple internal stakeholders in student success work?
2. Do college leaders communicate a sense of urgency to improve student success outcomes?
3. Is the value of student success regularly communicated to the college community?
4. Does the college empower those engaged in student success work to take action?

External Engagement and Communication

5. Does the college include external stakeholders in student success efforts?

Culture of Evidence

6. Do faculty and staff examine and discuss student success data and strategies for improvement?

STRATEGY & PLANNING

The alignment of the institution with the umbrella goal of student success and the institution's process for translating the desired future into defined goals and objectives and executing the actions to achieve them.

RESULTS BY CATEGORY (N=39)

LEVEL 1 2 3 4

Planning

1. Does the college's strategic plan focus on student success?
2. Is the student success agenda integrated into other core work?

Resource Alignment

3. Do revenue and resource allocation decisions support student success?
4. Does the college pursue external grant funding to support student success?
5. Is professional development appropriately aligned to advance student success?

Strategy Execution

6. Does the college focus on a set of high-priority student success goals?
7. Is responsibility for student success goals clearly defined and broadly shared?
8. Does the college have a group of individuals responsible for coordinating and executing the student success agenda?

Culture of Evidence

9. Does the institution use key performance indicators to measure student success?
10. Are short-term measures defined so that their achievement ultimately leads to the accomplishment of student success goals?
11. Is there an established culture of continuous improvement?

POLICIES & PRACTICES

ABOUT THE INSTITUTIONAL CAPACITY ASSESSMENT TOOL

The Institutional Capacity Assessment Tool is an online self-assessment to help colleges assess their strengths and areas for improvement in the seven key dimensions encompassed in the Institutional Capacity Framework. The assessment asks a broad range of college stakeholders to assess their institution's capacity across four levels, from a low of Level 1 (minimal) to a high of Level 4 (exemplary). The *Results Summary* report summarizes the assessment results for the institution by aggregating respondent ratings by capacity area and by respondent roles and functional areas.

How Are the Average Ratings Calculated?

For each question in the assessment, there are four answer choices representing four levels of capacity. Additionally, there is an "I don't know" option if the respondent is unfamiliar with the topic or has no basis to judge. After a respondent makes their selection, the following points are assigned:

- Level 1: One point
- Level 2: Two points
- Level 3: Three points
- Level 4: Four points
- "I don't know": Not calculated

The points are summed for all respondents who completed the assessment of a given capacity area. The average rating is calculated by dividing the sum of points by the total number of questions answered. The "I don't know" responses are not weighted in this calculation.

How Are Capacity Levels Designated?

The level of each capacity area is designated by rounding the average rating of that capacity area to the nearest level in order to give colleges a high-level overview of their institutional capacities. For example, if the average rating for the Equity section was 2.48, the capacity level would be rounded to Level 2.

Is a Response Summary Available By Question?

Yes, the *Response Distribution* provides a response distribution for each of the 77 questions in the Institutional Capacity Assessment Tool. A summary of "I don't know" choices is also included in this report. The report is available on the college's community on ATD Connect.

How Do I Interpret the Ratings?

Collectively, the *Results Summary* and *Response Distribution* reports highlight the average and distribution of responses by capacity area, subcategory and by question. Additionally, the reports highlight the level of convergence of opinion, and divergence of opinion based on respondent role and functional area of work. The reports reflect an institution's perspective of their current level of capacity and serve as a springboard for large group dialogue on identified strengths to celebrate and build upon, areas where there are opportunities to improve, areas to build alignment where there is divergence of opinion and areas to target for improved communication where there are large numbers of "I don't know" responses.

Please note that the Institutional Capacity Assessment Tool is not a scientific tool based on rigorous psychometrics principles and should not be used as one. The ratings are meant to provide a general indicator of institutional capacity at a given time and to provide actionable insights.
