Introduction

The purpose of the Red Lake Nation College (RLNC) Strategic Plan is to provide the overall, general direction for the tribal college's development, set major goals and to monitor continuous growth and improvement. Typically, annual updates will be provided to five year plans. However, due to the rapid growth and expansion of the RLNC from 2014 to 2016, a new Strategic Plan for 2016 to 2020 was drafted. The Strategic Plan for 2016 to 2020 will match other major plans created for 2016 to 2020. Moving forward, RLNC will complete annual updates to all five-year plans. This plan includes updates from 2016 up through February 20, 2018.

The Institution: Brief History

2000 The Red Lake Tribal Council requested that a feasibility study be conducted regarding the establishment the Red Lake Nation College (March 31, 2000).

2001 On January 9, 2001, the Red Lake Tribal Council determined that it would be in the best interest of the members to establish a Tribal College on the Red Lake Reservation, and a task force was appointed to lead the effort.

On July 10, 2001, the Red Lake Tribal Council authorized a Tribal College budget to begin hiring key personnel and to establish a College on behalf of the Red Lake Band of Chippewa Indians.

The Red Lake Tribal Council approved the Charter of the Red Lake Nation College on October 9, 2001, and the President of Red Lake Nation College was directed to begin the process of establishing a Board of Regents.

2002 The Humanities Building was reserved for use by Red Lake Nation College on February 26, 2002, and the College was able to move in during the summer of 2002.

2004 In 2004, Red Lake Nation College became an additional location of the Fond du Lac Tribal & Community College. FDLTCC began offering liberal arts courses and awarding A.A. degrees.

2010 The Board of Regents hired Dan King as President who started an aggressive, five-year plan of building a strong college resource base of financial, human, physical facilities and technical capabilities. An executive team of qualified staff and faculty has been hired.

2012 Upon the completion of Spring Semester 2012, Red Lake Nation College ended its partnership with FDLTCC and established a new partnership with the Leech Lake Tribal College in fall 2012. As an additional site of Leech Lake Tribal College, the Red Lake Nation College will receive continued support and guidance from LLTC as RLNC seeks to meet accreditation standards and become an independent college.

2010 - The College led a five-year community planning process with the Tribe to plan, design,

- 2015 finance and construct a first rate campus for the Red Lake Community. The project was completed and a Grand Opening was held on August 17, 2015, for this new \$11.4M campus. The new RLNC campus offers eleven classrooms, library and student learning center, computer labs, study areas, a student union, cafeteria, daycare centers, fitness center and a much more improved learning environment for students. This new campus has created a top quality learning environment for the Red Lake Community.
- 2016 RLNC achieves HLC approval of Candidacy for Accreditation Status.
- 2017 The American Indian Higher Education Consortium, (AIHEC), the group of 38 Tribal Colleges in the USA, approves RLNC as a full voting member.
- 2017 The Bureau of Indian Education (BIE) approves RLNC for annual Federal Tribal College operational funding for the 17/18 AY. This is approximately \$765K per year starting in August 2017.
- 2017 The Department of Education (DOE) approves RLNC for Title III funding (\$1M per year) and Title IV funding approval so RLNC can now start accepting Federal Financial Aid (PELL).
- 2017 RLNC receives approval for students to receive MN State Indian Scholarship (MISF) funds following the Federal DOE's Title IV approval.
- 2017 RLNC agrees to Articulation agreements with Bemidji State University, Fond Du Lac Tribal and Community College and White Earth Tribal and Community College so that students can easily transfer to other colleges from RLNC.
- 2017 RLNC becomes an independent college and ends educational agreement with Leech Lake Tribal College after the natural end of the agreement.
- 2018 RLNC financially separates from the Tribe on 1/1/18. However, the Tribe remains a strong supporter of the RLNC.

About Red Lake Nation College

The Red Lake Nation College (RLNC) currently only offers one program of study as a branch campus of LLTC. For the Fall term of 2015, the RLNC has had an average enrollment of 164 students and employs eight staff persons and twelve faculty members. Approximately 99% of RLNC students are enrolled in and/or descended from the Red Lake Band of Chippewa Indians. The RLNC receives its base funding from the Red Lake Tribal Council and tuition and fees from its educational agreement with the Leech Lake Tribal College. The Red Lake Nation College is an Associate Member of the American Indian Higher Educational Consortium (AIHEC). AIHEC is the consortium of the 38 Tribal Colleges that are located in the United States.

The Service Area

The Red Lake Nation College (RLNC) was chartered by the Red Lake Band of Chippewa Indians in 2001 to provide higher education opportunities for Tribal members living on and near the Red Lake reservation. Prior to the opening of the Red Lake Nation College, Red Lake community members were forced to drive two hours round-trip on a daily basis in order to attend college. Due to the rural location of the reservation and high poverty levels (over 50% unemployment rate), the high cost of transportation and daycare costs were all large barriers that prevented Tribal Members from attending college in the past. In past RLNC student surveys, over 95% of students surveyed indicated they would not be in college if not for the existence of the RLNC. Therefore, the RLNC serves as a critical bridge of opportunity for Red Lake Members to have access to higher education.

Mission Statement

To provide excellent higher education that is grounded in the Ojibwe language and culture of the Red Lake Nation.

Anishinaabe (Native Americans) Philosophy

According to the Anishinaabe worldview, Humans did not weave the web of life; we are merely a strand in it. Whatever we do to the web, we do to ourselves. Therefore, kinship among all of creation, not the mastery of our relatives (other humans, animals, plants, etc.) is vital to harmonious living.

Philosophy of Education

It is the philosophy of the Red Lake Nation College that students learn best in a safe, nurturing, and thought-provoking environment. Further, this type of supporting learning environment requires adequate classroom space, 21st century learning resources and academically qualified, caring instructors and staff. We also believe that it is vitally important that American Indian students a) learn and regain their knowledge of who they are as indigenous people, b) that they develop pride and respect for themselves, for people of other cultures/worldviews, and for the environment, and c) that they are motivated to become life-long learners.

Vision Statement

The Red Lake Nation College will strive to be a center for academic excellence on the Red Lake Indian Reservation, equipping students with knowledge of their language, culture, and self, and preparing them to carry this knowledge forward into future generations.

Guiding Ojibwe Culture Principles & Values

The Red Lake Nation College seeks to practice and instill in its students the following traditional Anishinaabe values:

Dabasendizowin (Humility)

- To recognize oneself as a sacred and equal part of the creation
- To be modest in one's actions
- To demonstrate sensitivity to others
- To be respectful of the thoughts and ideas of others
- To recognize one's strengths and weaknesses and acknowledge the capacity for self-growth and change
- To develop and practice good listening and observation skills

Debwewin (Truth)

- To speak the most honestly one can, according to his/her perceptions
- To be loyal in all our relationships, avoiding hypocrisy

Zoongide'iwini (Courage)

- To face difficult situations with bravery
- To acknowledge one's personal weaknesses and develop the strength to combat them
- To demonstrate the ability to take initiative and to speak forthrightly

Gwayakwaadiziwin (Honesty)

- To maintain truthfulness, sincerity, and fairness in all one's actions
- To possess the ability to manage confidential information
- To communicate with others and transmit information fairly and truthfully

Manaaji'idiwin (Respect)

- To accept cultural, religious, and gender differences
- To maintain high standards of conduct at all times
- To safeguard the dignity, individuality, and rights of others

Zaagi'idiwin (Love)

- To work cooperatively and harmoniously with others
- To show kindness and compassion
- To demonstrate acceptance and the empowerment of others
- To offer hope, encouragement, and inspiration

Nibwaakaawin (Wisdom)

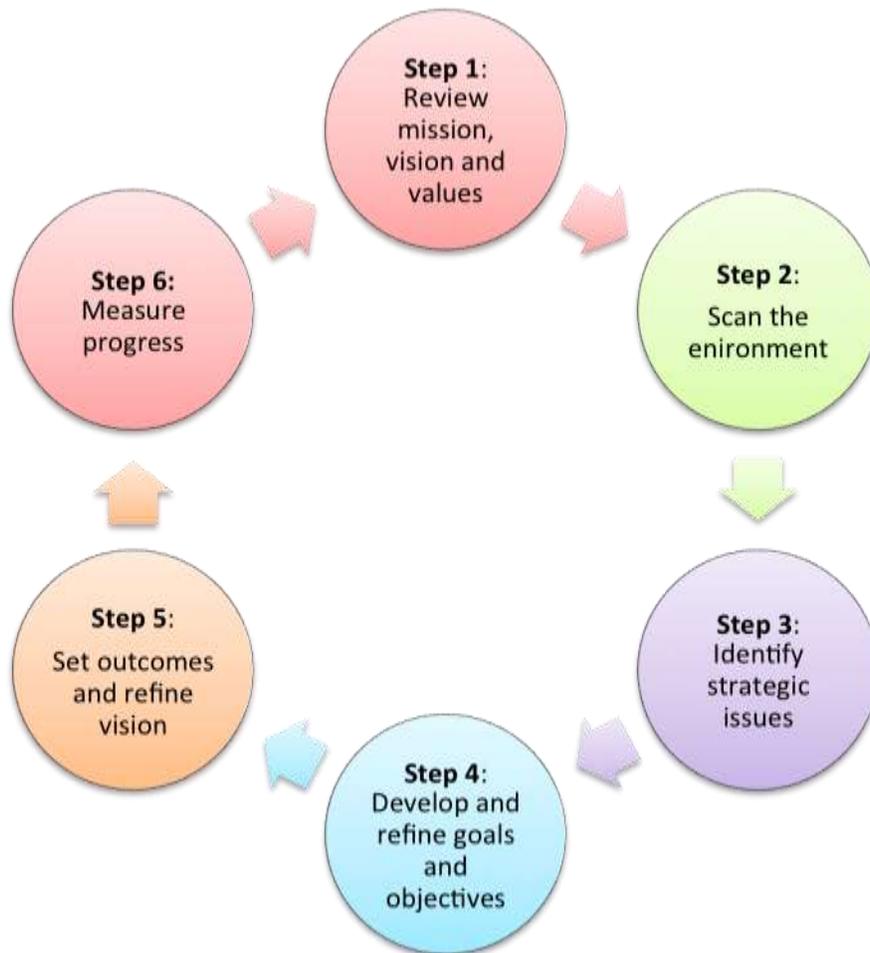

- To take time to reflect on all our experiences
- To acknowledge the opportunity to learn from others
- To persist in acquiring knowledge and improving skills
- To strive for the accomplishment of goals and dreams

- To practice ethical behavior at all times
- To seek guidance from elders and qualified advisors

Strategic Planning Process: RLNC Continuous Improvement Circles

The Strategic Planning Process is a continuous cycle that ensures continuous improvement:

1. Review mission, vision and values
2. Scan the environment
3. Identify strategic issues
4. Develop and refine goals and objectives
5. Set outcomes and refine vision
6. Measure progress

Step 1:

The mission, vision and goals were reviewed by the administrative team upon recommendation from the Higher Learning Commission and changes were recommended to the Board of Regents. These changes were approved on October 13, 2013.

Step 2:

The Red Lake Nation College began to distribute a community needs survey in the summer of 2013 and have been obtaining results since that time. The survey is now available on the RLNC Facebook page and on the RLNC website. The following are some sample results of the over 355 community needs surveys completed as of March 2015. More community needs surveys are being completed on the RLNC website on a regular basis. Listed here are preliminary community survey results:

Step 3:

The Strategic Planning Committee met multiple times throughout the months of September, October and November 2014, and identified the major strategic goals that would take priority over the coming six years from 2015 through 2020.

Step 4:

The Goals and Objectives were then revised and modified by the Strategic Planning Committee based upon community responses, RLNC Board Members, Staff and Faculty input, available resources and overall RLNC priorities.

Step 5:

Program and Classroom Outcomes were then established by identifying the responsible departments. Institutional Outcomes were also established and then all outcomes were refined by the RLNC Board, RLNC Faculty and Staff during the time period of 2013 to 2016.

Step 6:

Continuous progress will be measured over the next five years (from 2016 to 2020) in the following ways: regular Committee Meetings, use of Continuous Improvement Circle process, annual reports by each department and strategic planning review committee meetings.

Goal I: Enrich and Expand Academic Programs

Objectives	Responsible Party	Action Steps	Measurable Outcomes	Results 2016-2018	Evidence
Red Lake Nation College will begin offering additional Associate's Degree programs and Certificates according to the schedule developed by the Academic Affairs Department.	Academic Affairs Student Services	The Recruitment and Retention Specialist will recruit students for the A.A.S. in Social and Behavioral Sciences during the 2014-2015 academic year.	<p>Red Lake Nation College will begin offering an A.A.S. degree in Social and Behavioral Sciences in the fall of 2015. This will be an "unaccredited" program and will be offered free of charge to a small cohort of students. Students will be recruited and will have completed all admissions paperwork by July 1, 2015.</p> <p>Red Lake Nation College will begin offering an A.A. in Business Management in the fall of 2017, an A.A. in Environmental Science in the fall of 2018 and a certificate in Speaking and Teaching Ojibwe in the fall of 2018.</p>	<p>Red Lake Nation College began offering the A.A.S. in Social and Behavioral Sciences in the Fall of 2015. The Curriculum Committee will be reviewing the MN Office of Higher Education degree requirements during their May 2018 faculty in-service training as part of the program review process.</p> <p>RLNC will also pursue the feasibility of offering an emphasis area in environmental science.</p> <p>All other programs have been placed on hold until RLNC achieves full initial accreditation (as recommended by the IAC).</p>	<p>MN OHE Degree Requirements</p> <p>Information can be found at: https://www.ohe.state.mn.us/pdf/associate.pdf</p> <p>Academic Program Development Chart (embedded within the Academic Plan) https://www.rlnc.education/forms</p>
Maintain or improve current retention levels of faculty and staff annually, excluding those who leave for retirement	Academic Affairs	Survey staff and faculty regarding satisfaction levels and request ideas as to how to improve retention and satisfaction	The VP of Academics will develop a satisfaction survey for faculty and staff members by August 2015 and begin administering the survey annually in the spring.	RLNC has not yet instituted a satisfaction survey for faculty and staff members. A survey cycle has been established to include this.	<p>Survey Cycle</p> <p>Survey Cycle can be found at: https://www.rlnc.education/strategicplanning</p> <p>Also embedded within the Assessment and Institutional Effectiveness Plan</p>

Hire faculty members to fulfill needs for new academic programs as they are implemented.	Academic Affairs College President helps recruit faculty by constantly seeking Tribal Members and other professionals who have the qualifications and credentials for teaching and support staff positions at the RLNC.	Hire an adjunct math instructor to meet general education mathematics requirements. Hire an adjunct chemistry instructor. Hire a full-time business instructor. Hire a full-time Ojibwe language instructor.	The VP of Academic Affairs will advertise for an adjunct math instructor in May, 2015 for the 15-16 academic year. Other adjunct and full-time faculty members will be sought as the academic programs are implemented (see timeline for details).	Red Lake Nation College hired a full-time math instructor who began employment in the fall of 2016. All other full-time faculty members have also persisted and a full-time Ojibwemowin and Culture Instructor was also hired in January 2017. RLNC maintains an adjunct faculty pool to draw from as needed.	Faculty Credential Summary Faculty Credential Summary can be found at: https://www.rlnc.education/forms
Provide up-to-date classroom technology (internet access, video, course management system, etc.) for all classes to meet curricular needs.	Academic Affairs Student Services College President seeks funding for this as part of new campus construction.	The VP of Academics and the VP of Student Success will analyze the current technology that will be available for students on the new campus and gather information from the RL Tribal IT department. College President	The VP of Academic Affairs will provide an IT summary and recommendations to the College President by March, 2015. President will incorporate IT suggestions for academic excellence into the new campus construction Annual review of the actual IT resources to see	Red Lake Nation College invested in a new Student Information System in 2017 (Populi) and a new Learning Management System in 2017 (Canvas). Both systems were integrated and fully implemented in the Fall of 2017. RLNC also transitioned to Google Email and Google Drive for all faculty, staff, and students. The Technology Plan has also been updated. Goal II: Establish Effective College-Wide Coordination and Collaboration					
Objectives	Responsible Party	Action Steps	Measurable Outcomes	Results 2016-2018	Evidence
Foster a culture of cooperation, mutual respect and scholarly collaboration across academic units of the college through the creation of committees that bring faculty from different academic units together.	Academic Affairs Student Services	Create various committees that bring faculty members together to collaborate on ideas. Task the curriculum committee with scholarly collaboration across academic units.	The Curriculum Committee, composed of full-time and adjunct faculty members will work together to collaborate on curriculum across academic fields. This committee will meet once per month throughout the academic year and will provide an end-of-year report in May of each year.	For each academic year, all committees have completed work plans, meeting minutes, and annual reports. The annual reports drive the content of the work plan for the following academic year. will represent \$425K being put into the Permanent Endowment Fund in 2020.					
In 2016, start a Contingency Savings Fund that will be established and help guarantee long term sustainability for the College.	College President Director of Development Executive Assistant to the President	Establish a Contingency Savings Fund in 2016 and save a minimum of 20% of all new private funds and all budget surpluses for 5 years from 2016 to 2020. However, during the key growth years from 2016 to 2018, the limit to be saved to the fund may be reduced to 10% for these 3 years to allow for greater investment into the new RLNC campus. Obtain Housing surveys and data to determine student housing needs.	Review the year end totals for funds raised into the Contingency Savings Fund. Take actionable steps based on survey results. Explore housing grants and partnerships with Tribe and State funding.	The Contingency Savings Fund was established at the earliest possible date in 2017 with \$200K. However, due to investments in Human Resources and Technology (see charts on Human Resources and Technology Investments) less savings could be realized. Completed some housing surveys. Early results show a strong need as we expected. Explored some options for housing financing. Due to main focus on college operational funding, this was moved to a secondary need from 2016 to 2018.	See the account balance and financial reports that demonstrate the Savings Fund. The actual Contingency Savings amount up through 2020 will be \$800K. Using the Contingency Savings rather than an Endowment Fund allows us more access and liquidity if needed in potential emergency situations. See Housing Survey form and summary results of Housing Surveys. Student Housing will now be listed as a Top 6 priority in 2018 to 2020 for intense research and action now that RLNC operational funding has been obtained.

Goal IV: Provide First-Rate Tribal College Facilities

Objectives	Responsible Party	Action Steps	Measurable Outcomes	Results 2016-2018	Evidence
The Red Lake Nation College will design a college campus that reflects the culture and history of the Red Lake Nation in its design and resources.	College President Development Director	From 2010 to 2015, the college has led the community planning, design, financing and construction of a new, first rate college campus.	The college started construction of the new campus in the spring of 2014. The new campus is scheduled to be completed by August 17, 2015, with classes offered in the new campus by the fall semester of 2015. This will provide the Red Lake Community a top quality learning environment for optimum student learning.	The new RLNC campus has been refining the facility and improving the resources and presentation of culture and history throughout the last two years from 2016 to 2018 such as the following: *Learning Center moved next to Library for more accessibility and control *Added culture, art, and color to campus walls *Added seasonal banners to Student Union *Use of campus TV displays for information and cultural art purposes *Added maintenance staff and cleaning schedules to maintain	Library decoration and design emphasizes Tribal cultural awareness. (Appendix 9) The VP of Student Success office reflects a comfortable, cultural design. New Native and Tribal artwork was collected from 2016 to 2018 and campus walls and colorful plants are planned for decoration in March 2018. Campus signage reflects Ojibwe language and English.

The Red Lake Nation College will collect academic and cultural resources to stock the new library and learning center.	Academic Affairs Student Services New Tribal Archives and Community Library Director	The VP of Academic Affairs and the VP of Student Success will analyze the current resources and needs for the new campus.	The VP of Academic Affairs and the VP of Student Success will make recommendations to the College President by August, 2015.	Over the last two years from 2016 to 2018, the library has led the official move of all academic and cultural documents and cultural resources from the old Tribal Archives to their new home at the RLNC.	See the attached photos of the library cultural decoration and official Tribal artwork. The RLNC obtained financial resources for library and learning center development through an IMLS grant of \$150K over three years from 2016 to 2018.
The Red Lake Nation College will recruit and hire the personnel to provide these academic and support services to RLNC students and the community. Dear Mr. King:

The Chicago - Denver School Participation Team is pleased to inform you that, based upon the information included in your Application for Approval to Participate in Federal Student Financial Aid Programs, the Secretary of Education (Secretary) has determined that Red Lake Nation College (Institution) satisfies the definition of an eligible institution under the Higher Education Act of 1965, as amended (HEA). Red Lake Nation College will be listed in the next edition of the Directory of Postsecondary Institutions published by the U.S. Department of Education (Department).

OPE ID NUMBER

The OPE ID Number 04271800 is a unique identifier for the Institution. The OPE ID Number will also be the Institution's identification number for the Title IV, HEA programs. Please use the OPE ID Number in all communications with the Department.

ELIGIBILITY AND CERTIFICATION APPROVAL REPORT

Please print a copy of the **Eligibility and Certification Approval Report (ECAR)** Together, the **Program Participation Agreement (PPA)** that has been signed on behalf of the Secretary and the ECAR constitute the Chicago - Denver School Participation Team's determination that the Institution has qualified to participate in programs under the Higher Education Act of 1965, as amended (HEA) and the Federal student financial assistance programs (Title IV, HEA programs).

The Institution must retain the ECAR and the PPA together.

The ECAR contains the most critical of the data elements that form the basis of the Institution's approval, and also a list of the highest level of offering, any nondegree or short term training programs, and any additional locations that provide 50 percent or more of an educational program that have been approved for the Title IV, HEA programs. The Institution may not award, distribute or disburse any Title IV, HEA program funds for any educational or training program that is beyond

the scope of the approval contained in the ECAR, nor for any additional location providing 50 percent or more of an educational program that has not been approved and is not listed on the ECAR.

- In order to comply with the requirements of 34 CFR 668.8(1), some vocational or nondegree programs may have been approved for fewer credit hours than requested in the Institution's application.
- Vocational and nondegree programs that do not meet the requirements of 34 CFR Parts 600 and 668 have not been approved and are marked in the ECAR as not approved.
- The listing of Vocational Programs in the ECAR contains those nondegree programs that the Chicago - Denver School Participation Team has determined are eligible programs for participation in the Title IV, HEA programs.
- The ECAR contains a list of HEA programs other than Title IV, HEA programs, for which the Institution is eligible to apply. This list does not mean that the Institution will automatically be eligible to participate in or receive funds under any HEA competitive grant program. Information concerning applications for, and the individual requirements of, the competitive grant program can be obtained from:

Deputy Assistant Secretary
Office of Higher Education Programs
U.S. Department of Education

PROGRAM PARTICIPATION AGREEMENT

The PPA contains the agreement between the Institution and the Secretary concerning the Institution's participation in the Federal student financial assistance programs (Title IV, HEA programs).

CERTIFICATION FOR TITLE IV, HEA PROGRAMS

As explained in the PPA, Title IV, HEA programs administered by participating educational institutions are subject to applicable laws, regulations, and guidelines. Listed below are the appropriate telephone numbers for further information on the HEA programs:

- Federal Pell Grant Program (800) 474-7268
- Federal Family Education Loan Program (202) 377-4008
- Federal Direct Student Loan Program (800) 848-0978
If the Institution wishes to begin participating in the Direct Loan Program or to request a change in its funding method, contact COD School Relations at the Federal Direct Student Loan Program number above or send an email to codsupport@acs-inc.com
- Federal Campus-Based Programs (877) 801-7168
The Federal Campus-Based Programs are (a) the Federal Supplemental Educational Opportunity Grant Program, (b) the Federal Work-Study Program, and (c) the Federal Perkins Loan Program. To obtain funding under any or all of these programs, the Institution must file the Fiscal Operations Report and Application to Participate (FISAP) annually. FISAP packages are typically available at the end of July each year and the due date for electronic submission of this data is generally a postmark or

transmission date of October 1. Please keep in mind that the October 1 submission is to obtain funding for the Award Year that begins the following July 1.

If the Institution does not already participate in the Title IV, HEA programs, the Institution must complete Fundamentals of Title IV Administration (Precertification) Training no later than 12 months after the Institution executed the PPA. Completion of this training must be not earlier than one year before beginning to participate in any Title IV, HEA program for which the Institution has not previously participated. If you wish to register for Fundamentals of Title IV Administration (Precertification) Training, please register at <http://www.register123.com/event/profile/web/index.cfm?PKwebID=0x112117625&varPage=info>. For information concerning the training, contact the Chicago - Denver Team at the telephone number listed later in this letter.

Participating educational institutions will be reviewed at least once every six years to determine whether the institutions remain administratively capable and financially responsible to administer Title IV programs and funds.

REPORTING AND REAPPLICATION REQUIREMENTS

The Institution must report promptly to the Department certain changes and actions that affect the Institution's participation approval, as specified in 34 CFR 600 and 668, including, but not limited to:

- Change of name and/or address;
- New contract or significant modification of existing contract with a third party servicer;
- Change in exercise of a person's substantial control over the Institution, e.g., a change in the chief executive officer or members of the board of trustees or board of directors.
- Change in the way the Institution measures educational program length;
- Change in the level of course offerings;
- Additions and/or closures of non-main campus locations that offer at least 50% of an educational program;
- Change of accrediting agency;
- Change of the State agency that confers legal authority on the Institution to offer programs of postsecondary education; or
- Change in ownership *whether or not* that ownership change results in a change in control of the Institution.

If the Institution fails to report any such changes within ten days after the change occurs, the ability of the Institution to administer the Title IV student financial assistance programs properly will be called into question. As a consequence, we will consider whether it is necessary to monitor the Institution's receipt of Federal funds more closely. Failure to report changes within the time frame required may also result in an adverse action being taken against the Institution in accordance with 34 CFR 668, Subpart G.

Automatic Termination of Approval

This Approval for Institutional Participation automatically terminates on the happening of any of the following events:

- June 30, 2019
- The date the Institution loses the legal authority to offer programs of postsecondary education in the State in which it is located;

- The date the Institution loses accreditation from its designated primary accrediting agency;
- The date the Institution ceases to offer all approved postsecondary instruction;
- The date the Institution merges with another institution;
- The date the Institution undergoes a change in ownership resulting in a change of control;
- The date the Institution files for bankruptcy; or
- The date the Institution otherwise ceases to meet the definition of an eligible institution of higher education.

Please send all information or documentation required by this letter to:

United States Department of Education Federal Student Aid, Schools Channel Attention: Chicago - Denver School Participation Team 500 West Madison Room 1576 Chicago, IL 60661

One of the institutional eligibility requirements is that the institution must admit as regular students only persons who have a high school diploma; have the recognized equivalent of a high school diploma; or are beyond the age of compulsory school attendance in the State in which the institution is physically located (see 34 CFR 600.4, 5 or 6). This means if the student is not yet beyond the age of compulsory school attendance in the State in which the institution is physically located, the institution can only enroll the individual as a regular student if he or she has a high school diploma or its equivalent.

One of the student eligibility requirements is that an eligible student is one who is not enrolled in either an elementary or secondary school (see 34 CFR 668.32). This means that an institution cannot accept as a regular student at this school, an individual who is also enrolled at the same time in elementary or high school.

The telephone number for the Chicago - Denver Team is (312) 730-1511. The fax number is (312) 730-1520.

Tami,

Great! RLNC is already on the list of eligible colleges for MISAP and should be on the drop down in the online application.

I will be sending out login information to Heather either later today or tomorrow morning in a secure email. Then, you should be able to see which students have applied.

If you have a list of students you think have already submitted MISAP applications but they are under a different a different college, you can send it to me at any time. I can go in and change the college on the application or let you know the student has not applied so they will need to submit an application. All I need is first and last name.

Please let me know if you have any questions.

Thanks

**TRIBAL COLLEGE & UNIVERSITY
INDIAN STUDENT COUNT (ISC) REPORTING FORM**

ACADEMIC YEAR 16 TO 17

Pursuant to Title 25, U.S.C. §1801(a)(7) "Indian Student Count" means a number equal to the total number of Indian students enrolled in each tribally controlled college or university, determined in a manner consistent with subsection (b) of this section on the basis of the quotient of the sum of the credit hours of all Indian students so enrolled, divided by twelve. 25 U.S.C. §1801(b) provides the following conditions applicable for purposes of determining the Indian student count pursuant to paragraph (7) of subsection (a) of this section: (1) Such number shall be calculated on the basis of the registrations of Indian students as in effect at the conclusion of the third week of each academic term. (2) Credits earned in classes offered during a summer term shall be counted toward the computation of the Indian student count in the succeeding fall term. (3) Credits earned by any student who has not obtained a high school degree or its equivalent shall be counted toward the computation of the Indian student count if the institution at which the student is in attendance has established criteria for the admission of such student on the basis of the student's ability to benefit from the education or training offered. The institution shall be presumed to have established such criteria if the admission procedures for such studies include counseling or testing that measures the student's aptitude to successfully complete the course in which the student has enrolled. No credits earned by such student for purposes of obtaining a high school degree or its equivalent shall be counted toward the computation of the Indian student count. (4) Indian students earning credits in any continuing education program of a tribally controlled college or university shall be included in determining the sum of all credit hours. (5) Eligible credits earned in a continuing education program—(A) shall be determined as one credit for every ten contact hours in the case of an institution on a semester system, of participation in an organized continuing qualified instruction, as described in the criteria established by the International Association for Continuing Education and Training; and (B) shall be limited to ten percent of the Indian student count of a tribally controlled college or university.

An Indian Student Count calculation for any given semester/quarter is as follows: $TCH / 12 = ISC$

- TCH (Total Credit Hours) is the total number of Part-Time, Full-Time and Continuing Education Units (CEU) of any given academic term.
- The academic term's ISC is determined by dividing the TCH by 12.
- Credit hours converted from CEU's are counted toward the computation of the ISC. The formula for conversion of CEU's to credit hours will be: 15 contact hours for one semester credit hour, 10 contact hours for one quarter credit hour.
